RESEARCH PROJECTS

-
- | | |
|-------------------|--|
| 06/2025 – 09/2025 | Agentic Audio Moderator vs Human Moderator in Usability Testing <ul style="list-style-type: none">➤ This study investigates the effectiveness of AI agent moderators versus human moderators in facilitating think-aloud usability testing protocols.➤ Literature review, Experimental design and conduction |
| 12/2024---09/2025 | Intercultural Communication Platform in Virtual Platform <ul style="list-style-type: none">➤ Foster communication among individuals from diverse cultural backgrounds through collaborative 3D painting tasks in VR.➤ Idea generation, Experimental design and conduction, Data Processing |
| 10/2024-08/2025 | Evaluating Impact of Visual Guidance and Biofeedback in VR-supported Breath Training <ul style="list-style-type: none">➤ The study contributes a novel framework integrating implicit/explicit cues and bio-responsive interaction in VR to significantly enhance box-breathing training efficacy.➤ Unity development, Environment design, Experimental design and conduction, Data Processing |
| 10/2023-07/2024 | PolyU Edu-Metaverse Platform <ul style="list-style-type: none">➤ This project develops an Edu-Metaverse platform to deliver interdisciplinary content and explore its potential for active, effective learning.➤ 3D Modelling, Environment planning, Experimental conduction |

Other Project

- 11/2024-03/2025 **UI Design for Sensor-enabled Urban Green Care Farm**
- Therapy user interfaces for farming therapy applications, focusing on accessible design principles.
 - UI Design
- 06/2024-08/2024 **The RedMeta Chamber on Spatial.io**
- A Dream of the Red Chamber VR scene offering an immersive experience of Xiaoxiang Guan, with interactive character dialogues and music.
 - Idea generation, Environment design
- 09/2020-06/2021 **Immersive Participation in Ancient Villages' Development in Context of Rural Revitalization: exemplified by Yuanqu Village of Handan**
- This project aims to revitalize Yuanqu Village in Handan through a design-for-equity model.
 - Idea generation, progress management and report drafting
- 09/2019-06/2020 **An App Concept Called "Yigeng Murals": the digital regeneration and activation plan of Taihang Murals**
- Endeavored to help in spreading local culture and protecting Taihang Murals by achieving artistic activation of those murals with adoption of digital technologies.
 - Idea generation and report drafting
- 09/2018-08/2019 **Influence and Enlightenment of How Urban-Rural Economic and Cultural Differences Affect Formation of Middle School Students' Consumption View: A Case Study in Baoding and Cangzhou in Hebei**
- Explored whether and how values and consumption views of middle school students are affected by the urban-rural economic gap.
 - Idea generation and report drafting

WORK & INTERNSHIP

- 07/2024-present **Research Assistant, Department of Computing, PolyU**
- Responsible for modeling and scene construction of virtual environments. Literature collection of human-computer interaction, as well as the development of research ideas.
- 10/2024-03/2025 **Virtual Intern, Australian Research Centre for Interactive and Virtual Environments (IVE)**
- Collaborate on the development of the virtual environment for VR breathing training projects.
 - Proposal drafting, conducting experiments, data collecting and analyzing
- 05/2023-08/2023 **Intern, Shenzhen Urban Planning & Land Resource Research Center**
- Participated in several important planning or policies for Shenzhen, working as an assistant Urban and Rural Planner.
 - Report drafting, team cooperation
- 06/2022-08/2022 **Game Art Designer, Beijing Bilibili Yuanli Xingju Network Tech Co., Ltd**
- Responsible for game module integration, map building and iteration, and model data processing
 - Stylized scene construction, data analytics and overall planning, and spatial processing and 3D modelling

ACTIVITIES

- | | |
|-----------------|--|
| 09/2017-06/2020 | President, Taihang Local Culture Research Society <ul style="list-style-type: none">➤ Led peers to carry out various activities, e.g. field trips and photo exhibitions, to investigate or promote local cultures. |
| 09/2019 | Surveyor, Ancient Buildings Mapping & Protection in Yuanqu Village, Handan <ul style="list-style-type: none">➤ Surveyed and mapped the villages dating back to the Ming and Qing Dynasties➤ Sorted out and summarized the data collected |
| 10/2019 | Surveyor, Mapping and Research Project related to Baoding Industrial Heritage <ul style="list-style-type: none">➤ Involved in mapping and data collection of the old plant site |

AWARDS

- | | |
|--|---|
| Commendation Award (2024) | <i>PolyU Metaverse Contest 2023/24</i> |
| Provincial-Level Grant (2021) | <i>National College Student Innovation & Entrepreneurship Training Program</i> |
| Provincial Third Prize (2020) | <i>"Chuang Qingchun" National College Student Innovation & Entrepreneurship Competition</i> |
| University Scholarships (2019,2020,2021) | <i>Second Prize & Third Prize (twice)</i> |

PROFICIENCY & SKILLS

- | | |
|--------------------|--|
